

PUPPIES IN THE PINES
PET HEALTH GUARANTEE

Don & Georgia Cowell
479-754-3773 dgcowell2@yahoo.com

This contract is legal and binding between Puppies in the Pines and the buyer. To the best of our knowledge your pet is healthy at the time of sale. We guarantee that this puppy has had proper care to date and is current on vaccination and worming. If within 72 hours of receiving the puppy, he/she is examined by a reputable veterinarian and the health of the puppy is found to be at risk due to a life threatening congenital defect (existing at birth), owner shall notify breeder and provide a written statement from said vet describing puppy's condition and shall return the puppy and papers immediately. If results are questionable, another unbiased veterinarian's opinion will be required. Breeder will replace puppy provided: original puppy is returned in same condition mentally and physically as when originally purchased. This does not include hypoglycemia, bordetella, mites, coccidiosis, giardia, or any other parasites, as they are common in dogs and puppies and can show up during

times of distress. We further guarantee this puppy for (5) days from the date of purchase against parvo virus, distemper, hepatitis, and canine influenza. Breeder is not responsible if puppy contracts a communicable disease after leaving breeder's possession. Breeder guarantees puppy against any congenital defect causing death of or making necessary euthanasia until one year of age. Upon receipt of a letter to breeder from two different licensed vet clinics and the state health laboratory necropsy report stating that in his/her opinion this condition is congenital, puppy will be replaced by a puppy of equal value at the first availability. To be covered by this guarantee, the following conditions need to apply: Vet check within 72 hours after obtaining puppy (retain records). Buyer must follow all puppy care instructions given by breeder/seller. Buyer must contact seller or a veterinarian at the first sign of puppy distress or illness. In the case of sudden demise of puppy, breeder must receive a written notice of puppy's death from owner's vet as well as an unbiased vet, along with necropsy report indicating cause of death from their state lab. The value of the pet for the purpose of this guarantee is solely the original purchase

price of the pet, and does not include any additional expenses declared by the buyer, such as shipping fees, vet expenses, lab work or testing.

If for any reason litigations should occur they shall be held in Russellville, AR. Breeder will not be responsible for any costs associated with this process.

Limitations of Guarantee: This guarantee is non-transferable. A licensed veterinarian must do all laboratory verifications.

The buyer/owner is responsible for all transportation costs to and from the breeder. The breeder is not responsible for any and all veterinarian expenses accumulated on returned or replaced puppies. Breeder does not guarantee color, size, championship, temperment.
